- Fees relating to Corestone Asset Management Accounts may be found at [www.pcsbd.net](http://www.pcsbd.net), or by contacting your Financial Advisor.
- Accounts that hold short positions will be charged daily interest based upon the short market value of the position and the prevailing short interest rate determined by the availability of the underlying positions in the market.
- The listed fees do not include commissions, markups, commission equivalents or advisory fees. To obtain information regarding specific securities transactions, please contact your Financial Advisor.
- Margin rates are scaled to the Pershing Base Lending Rate (PBLR), which may change without prior notice from time to time.
- Accounts may be subject to additional charges associated with the clearance and custody of your security positions, which have been passed along by the depository institution or issuer of the securities.
- Eligible mailings for a paper subscription fee include: statements, trade confirmations, notifications, letters and quarterly performance reports
- The rate paid on a debit balance is as follows:

\$0 - \$9,999	2.75% above PBLR
\$10,000 - \$29,999	2.00% above PBLR
\$30,000 - \$49,999	1.50% above PBLR
\$50,000 and above	0.75% above PBLR

**Securities and insurance products are offered through Private Client Services, member FINRA, SIPC and affiliated insurance agencies.**
